

Student Livestock Assistance Grant Application

Project Information

The Anne Arundel County Farm Bureau is offering grants for youth raising livestock.

Animal Categories

Sheep- \$50

Hog- \$50

Goat- \$50

Poultry/Fowl- \$25

Cattle- \$75

Example: A youth who raises two hogs, three goats, 10 chickens, and one steer would receive one assistance grant for each species for a total of \$200.

Applications are due 1st Monday in May of current calendar year, for approval at the May AACFB Board meeting. To be eligible to receive this assistance grant the application must include a budget for the project year. The information provided will be used for disbursement of funds.

Must be a full AACFB Farm Bureau Member. Membership #:

FFA

Other

Please describe your project(s)- List all species and quantities:

What steps have you taken to begin your project?

What is your project's expected time frame?

Projected budget- Describe your expenses related to your livestock project. How much were the initial purchase, feed, and medical expenses.

Reporting and Agreements

Project Completion Report:

At the conclusion of the project youth will be expected to make a verbal project report at a fall AACFB board meeting. Each report should be less than five minutes.

Youth: "I have read and understand the criteria and guidelines for this grant and agree that the funds offered will only be used toward the expenses of the project in this application." Please sign your name to signify you agree to terms.

Signature:

Parents: "I have read and understand the criteria and guidelines for this grant and agree that the funds offered will only be used toward the expenses of the project in this application." Please sign your name to signify you agree to terms.
